

# ICT-MobileSummit 2008

## Call for Papers

Stockholm - Sweden

10 - 12 June 2008

### Thematic Priorities

- Fixed, Mobile, Content Convergence
- 4G and Beyond
- Future Internet
- Sensor Networks
- Wireless and Fixed Broadband
- Short Range Wireless Systems, Piconets
- Ubiquitous Content
- Application and Service Enablers
- Components for Wireless Systems
- Pervasive and Trusted Networks
- Research Strategies and Challenges

### Submission of Papers

- Paper Focus - Research, Technical, Visionary or Techno-Economic Scenarios
- Papers must highlight Level of Innovation as well as Actual or Expected Impact
- Papers must present Analysis of Initial or Final Research Results, including where appropriate, Results of Commercial Exploitation
- All papers (6 - 8 pages in length) must use the ICT-MobileSummit Paper Template

### Deadlines

- Online Submission Deadline: **25 January 2008**
- Provisional Acceptance: **07 March 2008**
- Submission of Final Paper: **11 April 2008**
- Presenter Registration: **11 April 2008**

### Sponsorship Opportunities

- Support Brand Identity & Build Relationships with Leading Industry and Research Organisations
- To Discuss a Standard or Customised Package, Contact [secretariat@ICT-MobileSummit.eu](mailto:secretariat@ICT-MobileSummit.eu)

### Exhibition

- Call for Exhibitors will be published in January

Supported by

# ICT-MobileSummit 2008

## Conference Focus

In the context of convergence, the **17th ICT Mobile and Wireless Communications Summit (ICT-MobileSummit 2008)** will address the challenges of Future Ubiquitous Networks based on mobile and wireless communications, complemented with fixed infrastructures. The impact of such Future Networks on the underlying Internet infrastructure will in particular be emphasised in the 2008 Summit. Services and applications for billions of users involving trillions of interconnected potentially mobile devices will be addressed at the event, which takes place in the Innovative City of Stockholm.

**ICT-MobileSummit 2008** will bring together experts from industry and research to share experiences and research results, identify future trends, discuss business opportunities and identify opportunities for international research collaboration under the ICT Theme of Framework Programme 7 (FP7). It will thus contribute to showcasing European research in the field, and position it within the multiplicity of related initiatives supported in other regions of the world.

## Event Profile

The **ICT-MobileSummit** (previously known as the IST Mobile Summit) has an international perspective, attracting over 600 delegates from 40 countries to previous Summits.

The Plenary on the third day of the **ICT-MobileSummit** will focus on the Future Internet.

Supported by the European Commission and eMobility, the **ICT-MobileSummit's** reputation is based on high quality paper sessions that showcase original results in all areas of wireless communications systems and networks, including Mobile and Fixed, Terrestrial and Satellite.

While European funded research results are of particular interest, innovative research funded commercially or at national level is equally interesting from a community perspective. The participation of representatives of leading commercial, research and regulatory organisations in the Conference Community ensures a stimulating and high quality networking environment

## Call for Sponsors

**ICT-MobileSummit 2008** is supported by the European Commission and eMobility, and Technical Co-Sponsored by IEEE.

The **ICT-MobileSummit Series** is entirely self-funding through delegate registrations and sponsorship. To learn more about available sponsorship opportunities and associated benefits, please contact the Conference Secretariat: [secretariat@ICT-MobileSummit.eu](mailto:secretariat@ICT-MobileSummit.eu)

**ICT-MobileSummit 2007** patrons included the National Office for Research and Technology, Vodafone, Cisco, Ericsson & Totaltel, with Technical Co-Sponsorship from Information Technology Society within VDE, IEEE, IEEE Communications Society & IEICE Communications Society.

## Publishing Schedule

The publishing schedule for **ICT-MobileSummit 2008** is as follows:

- Papers (6 - 8 pages using ICT-MobileSummit Template) submitted online by **25 January**
- Feedback from Technical Programme Committee provided by **07 March**
- Submission of Final Paper (using ICT-MobileSummit Template) online by **11 April**

## Technical Programme Committee

A distinguished Technical Programme Committee (TPC) is being formed by Paul Cunningham, the Conference Chair. The TPC will evaluate and provide feedback on papers and final presentations received, compile the programme and chair sessions.
